NRC response to TN's proposed responses to Request for Additional Information (RAI) No. 2 for Amendment No. 1 to the TN-68 Cask

SUMMARY (Continue on Page 2)

The purpose of this telephone conversation was to notify Transnuclear (TN) of NRC staff's proposed schedule for providing a preliminary response of the acceptability of TN's proposed responses to RAI No. 2 for Amendment No.1 to the TN-68 Cask.

As documented in a Note to File of a 7/18/2006 teleconference (see Docket 72-1027), TN discussed its proposed responses to the two structural evaluation questions provided in RAI No. 2. The staff stated that it would provide TN a preliminary response on the acceptability of these RAI responses at a future date.

NRC staff notified TN that it intends to provide an answer on the acceptability of the proposed RAI response by September 15, 2006. TN had previously requested to submit an official response to the RAI by August 30, 2006.

NRC staff encouraged TN to notify NRC of any future actions on this matter.
