Tonyea R. Inglis, Radiation Safety Officer	Stowers Institute for Medical Research Kansas City, Missouri	816-926-4434 FAX -2076

SUBJECT  
Control No. 315610 – Re - Amendment request, for License No. 24-32242-01, by letter dated July 31, 2006, to request, in part, an increase in the research laboratory space, designated for radiological work in a number of rooms located on the 2<sup>nd</sup> floor of the Research Center.

SUMMARY  
In addition to the architectural drawing with green numbered dots that was submitted with the letter dated July 31, 2006, in a telephone conversation on this date, Ms. Inglis was asked to also provide the following additional information:

1. A separate listing of all the rooms/laboratories by number that are being added;
2. Confirm that all the new areas requested for radioisotope use in the licensee's facilities are the same as the "typical" laboratories and rooms as described in their application dated February 23, 2000, or if different describe these differences; and
3. Confirm that all the rooms/laboratories being added are located in the same buildings where current licensed activities are conducted, which are buildings (all connected) at the same physical location, namely 1000 East 50<sup>th</sup> Street, Kansas City, Missouri 64110.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

ACTION REQUIRED
