**Mr. Dale Klein**  
**Chairman,**  
**U.S. Nuclear Regulatory Commission**  
**Washington, D.C. 20555-0001,**  
**USA**

Dear Mr. Klein,

Let me congratulate you on the appointment as the US NRC Chairman, the office, which has always been pivotal and important in the nuclear both domestically and internationally.

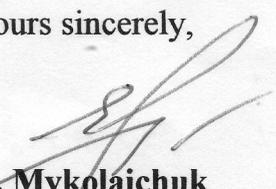

US NRC began to co-operate with the nuclear safety authority of Ukraine from its very first steps in establishing the regulatory regime in the country. This assistance powered by the professionalism of US NRC staff proved indispensably efficient and fruitful.

During the annual meeting between US NRC and SNRCU this April we signed the Technical Information Exchange Arrangement, which was yet another big step towards strengthening our co-operation in the area of nuclear and radiation safety.

As the United States and Ukraine are intending to further expand the nuclear sector of power engineering, our countries might face quite the similar challenges in the nearest future, which would bring US NRC and SNRCU to mutually beneficial co-operation and partnership.

I would like to express my belief, Mr. Chairman, in the continued success of our joint work,

Yours sincerely,

**O. Mykolaichuk**  
**Chairperson**
