NOTE

The STP Director’s Secretary is responsible for the maintenance of this master copy document as part of the STP Procedure Manual. Any changes to the procedure will be the responsibility of the STP Procedure Contact.

I. INTRODUCTION

This document describes the procedure for implementing NRC Management Directive (MD) 5.10, “Formal Qualifications for Integrated Materials Performance Evaluation Program (IMPEP) Team Members.”

II. OBJECTIVE

To implement the qualifications and training established in MD 5.10 within the Office of State and Tribal Programs (STP) through the use of a written qualification guide for STP IMPEP team members and team leaders.

III. BACKGROUND

NRC conducts periodic assessments of **NRC Regional and Agreement State radiation control** ~~radioactive material~~ programs and NRC Regional offices pursuant to Management Directive (MD) 5.6, “Integrated Materials Performance Evaluation Program.” IMPEP teams are comprised of staff from STP, **the** Office of Nuclear Material Safety and Safeguards (NMSS), NRC Regional offices, and Agreement States.

The training and qualification process detailed in MD 5.10 is intended to provide IMPEP team members and team leaders with sufficient knowledge to conduct **NRC Regional and State radioactive** materials program reviews ~~that are technically correct and~~ in accordance with NRC policies and procedures. To facilitate implementation of this directive, an IMPEP Qualification Form and IMPEP Qualification Guides have been prepared (see Appendix A and Appendix B, **respectively**).

IV. ROLES AND RESPONSIBILITIES

A. Director, STP.

1. Ensures that personnel acting as IMPEP team members, **including** ~~or~~ team leaders, meet the formal qualifications or alternate criteria as described in MD 5.10.
2. Signs **or designates responsibility for signing** the IMPEP Qualification Form for each IMPEP participant.

B. Senior IMPEP Project Manager: ~~for IMPEP Coordination:~~

Maintains current copies of the IMPEP Qualification Form for all IMPEP team members and supporting IMPEP Qualification Guides for all STP IMPEP team members in STP.

C. IMPEP Team Member.

1. Using the IMPEP Qualification Guides, documents relevant course work and experience, as well as alternative criteria such as equivalency examinations, waivers, grandfathering, or interim qualification described in MD 5.10, as appropriate, ~~for the team member's specific IMPEP responsibilities.~~
2. Prepares and signs the IMPEP Qualification Form.
3. Reviews and updates the IMPEP Qualification Form and supporting IMPEP Qualification Guide to reflect all changes in qualification.
4. Submits a current copy of the IMPEP Qualification Form to the IMPEP Project Manager prior to participating in any assigned reviews.

V. GUIDANCE

A. Documenting Qualifications.

1. Each IMPEP team member should complete an IMPEP Qualification Guide for each indicator the team member is qualified to act as principal reviewer ~~for~~ or team leader, as appropriate.
2. Each IMPEP team member should complete the "General IMPEP Qualifications" guide in the IMPEP Qualification Guide.
3. ~~The~~ Each IMPEP team member should fully document any grandfathering, interim qualification, or other alternative means of qualification used (including journal qualification under NRC Inspection Manual Chapter 1246, Formal Qualification Programs in the Nuclear Material Safety and Safeguards Program Area, etc.) in the "Alternative Criteria/Comments" sections provided in the IMPEP Qualification Guide. Attach additional sheets if necessary.

4. The IMPEP Qualification Form should be signed by the IMPEP team member and the Director, STP, or **designee**. All principal reviewer and team leader qualifications should be documented by the Director, STP, or **designee**.
5. A copy of each completed form and guide should be given to the **Senior IMPEP** Project Manager for **IMPEP coordination**.

B. Updating Qualifications.

1. Each time a new course is completed or new qualification is achieved, the **team member's** qualification guide should be updated as appropriate.
2. A new IMPEP Qualification Form should be completed each time an IMPEP participant becomes qualified to act as principal reviewer for an additional indicator, or as **a** team leader.
- ~~3. Refresher training should be documented as a line item on the appropriate indicator forms as necessary, on a refresher training page and attached to the team member's appropriate qualification guide.~~

C. **Refresher Training.**

IMPEP team members are only required to attend refresher training if: 1) they did not participate in an IMPEP review the previous fiscal year; 2) they did not receive new member training in the previous fiscal year and 3) they are scheduled for a review in the upcoming fiscal year.

VI. **APPENDICES**

Appendix A - IMPEP Qualification Form

Appendix B - Office of State and Tribal Programs IMPEP Qualification Guide

Appendix A

IMPEP QUALIFICATION FORM

IMPEP Team Member:

Signature

Date

Printed Name

Title

Office Director, Regional Administrator, or Agreement State Program Director (or Designee):

Signature

Date

Printed Name

Title

QUALIFICATION AUTHORIZATION (Please check all applicable boxes)

COMMON PERFORMANCE INDICATORS

- Technical Staffing and Training
- Status of Materials Inspection Program
- Technical Quality of Inspection
- Technical Quality of Licensing Actions
- Technical Quality of Incident and Allegation Activities
- Allegations Activities: Limited Review

- TEAM LEADER

NON-COMMON PERFORMANCE INDICATORS

- ~~Legislation and Program Elements Required for Compatibility~~ **Compatibility Requirements**
- Sealed Source and Device Evaluation Program: Full Technical Review
- Sealed Source and Device Evaluation Program: Limited Scope Review
- Low-Level Radioactive Waste Disposal Program
- Uranium Recovery Program
- ~~Fuel Cycle Inspection Program~~
- ~~Site Decommissioning Management Plan~~

NOTE

*Based on the guidelines established in Management Directive 5.10, Formal Qualifications for IMPEP Team Members, the **managersupervisor** above verifies that this IMPEP team member is fully qualified to act as principal reviewer and/or team leader, as noted.*

Appendix B GENERAL IMPEP QUALIFICATIONS
