Mr. Nicholson:

My apologies for the delay in responding. I have been traveling on business the last couple of weeks and also was on vacation. I am back in the office Tuesday, 05/Sept/06, and will respond to the below mentioned issues as discussed by phone next week as promised.

Thank you for your time and assistance. Have a safe and relaxing Labor Day holiday.

Regards,
George.

George,

I appreciate you getting back to me so quickly regarding your license amendment request. As we discussed in our telephone conversation today, Wednesday August 2, 2006, I need some additional information to continue my review.

1. Please describe the situation with the "change" of address of the location of use listed on your license. As we discussed in our phone call, you did not move from 960 to 966 S. Springfield Avenue. In your description please provide approximate dates when events took place.
2. Please provide the name, title, address, and phone number for a management representative of LVMH Watch & Jewelry, Inc. for our records. In addition, your management representative should sign all correspondence

regarding license amendments, renewals, etc. as an indication that they are aware and in agreement with the information provided.

3. As we discussed I will be adding a condition on your license that you are the Radiation Safety Officer for this license.

I will continue my review of your license amendment application upon receipt of this information. So that I may continue my review in a timely fashion, I am requesting that I receive a reply from you within thirty days from the date of this email. Please note we can not accept an email response for information that will be incorporated as part of your license. You may fax your reply to 610-337-5269 or mail your response to my attention to:

Licensing Assistance Team
Division of Nuclear Materials Safety
U.S. Nuclear Regulatory Commission
