Subject: North Anna

To whom it may concern:

I want to express my opposition to any new nuclear reactors at the North Anna Virginia site. In addition to the problems of radioactive waste and reactor security, building new reactors at North Anna will further damage Virginia's already stresses local and regional water sources. Safe, clean, renewable energy resources are available. Now is the time to start developing them and stop relying on an energy source that is unsafe in the long run.

Cordially,

Helen R. Reutlinger
