Desc: I am requesting the contract that is tied to the the following announcement:

MAR, Incorporated Awarded Consolidated Information System Security Services (CISSS) Contract in excess of \$40 Million by U.S. Nuclear Regulatory Commission (NRC) ROCKVILLE, MD, July 31, 2006 – A team lead by MAR, Incorporated (MAR), has been awarded a contract worth in excess of \$40 million from the U.S. Nuclear Regulatory Commission (NRC) to support its information systems security certification and accreditation process implementation. The team is comprised of Force 3, Inc., Radius Technology Group, Lockheed Martin Information Technology, Number Six Software, Incorporated, R4 Communications and Van Dyke Technology Group, Inc.

The MAR team will develop security related documentation and perform the systems analyses required to obtain an Authorization to Operate (ATO) for national security, intelligence, and general information systems that will ensure cradle to grave compliance. The MAR team will implement an integrated approach to security services that supports improved mission support, IT investment management, and consistent and repeatable Security Certification and Accreditation services for all NRC IT systems.

Our "Best in Class" team possesses fully qualified and talented personnel who understand the information systems security C&A process, the NRC's systems and methodologies/tools, including the PMM and the Rational Enterprise Suite. The MAR team understands the advantages of teaming and successful partnerships and looks forward to delivering unparalleled customer satisfaction to the NRC.
