Summary:	The licensee requested that Scan Technologies Model 3500 analyzer be removed from the license. I had called the licensee to confirm that they did not possess any other Model 3500. Joe returned my call and confirmed that this was the only Model 3500 at their plant and that they do possess additional Model 3500 analyzers but they are under other licenses. At their Federal No. 2 Mine, they no longer have any Model 3500 analyzers.
