Re: NRC License No. 29-12167-01 03002543

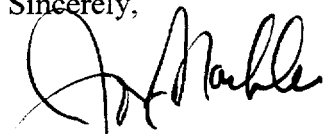

To Whom It May Concern:

Please amend our license to release Room 6 from restricted use as of March 14, 2006.
The area survey of the room was background.
The wipe for removable contamination of the area was also background.

Please amend the license to add a Remote Storage Room which will be used for solid decay in storage of I 131 contaminated items from in-patient I 131 treatments as needed.
A diagram of the room is attached.

Please contact Jane Oyer, Nuclear Medicine Coordinator, at 856-346-7757, if you have any questions or concerns.

Sincerely,

Jon Mackler
Vice President for Hospital Operations
