American Ecology Corporation
Lakepoint Centre 1

Boise, ID 83706

Dear Mr. Hyslop:

This is in response to your letter dated July 5, 2006, in which you inquired about whether your subsidiary, US Ecology Idaho, Inc., would be required to obtain a license from the U.S. Nuclear Regulatory Commission in order to import uranium and thorium wastes from Canada.

I would like to confirm that an import license for waste is not required when the waste involves "unimportant quantities" of source material as defined in 10 CFR 40.13. Thus, it is not necessary for American Ecology Corporation to obtain an import license to proceed with the intended import of wastes from Canada.

Sincerely,

/RA/
