Dave, i will review transcript - but in his resignation letter to pseg - he alleged he left due to hostile work environment. jeff

If he's alleging HWE as a form of discrimination, I agree. If not we would just look @ it within the context of SCWE.

Dave, fyi [redacted] is alleging hostile work environment - think carl neds to look at to determine prima facie case

>>> David Vito 11/17/03 09:05AM >>>

[redacted] is diferent. He came in separately and is being treated as a distinct separate allegation (although his input will feed in to the overall SCWE issue). I'm referring to all of the transcripts from the general SCWE review.

Dave, will bring over this a.m. the [redacted] transcript. brought over the [redacted] transcript late last week also - think he is allegation no. 2003-138. jeff

The only transcript that we have received is the one you gave me late last week re: the confidential source. We will need to strategize (at the meeting this morning) where the transcripts should be located and who, how and when, the staff is going to review them.

Dave, have I provided your office with a copy of the [redacted] transcript. If I haven't, please let me know. thanks jeff
