Kymn,

Monday is fine. However, I am on vacation next week and will not be here. Just come to the lobby and ask for Ernie Wilson, who is the Field Office Director for the NRC Office of Investigations personnel here at Region I (Ernie is Eileen's boss), or Marcy Holmes, who is Ernie's secretary. They will meet you and find a room where you can sit and review the transcripts. Someone needs to be in the room with you while you do your review and mark up errata sheets.

The additional information provided in your e-mail is with Eileen for consideration within the context of the discrimination investigation.

Dave and Eileen,

I'm proposing Monday, Dec. 22 to come to your offices to review my transcripts and answer any additional questions.

Please let me know if this is suitable. I realize it will likely take most of the day.

Thank you,

Kymn

p.s. PSEG is attempting to have [REDACTED] removed as Defendants. My attorney and I will be fighting this motion, especially given "HR" (which was cited in the [REDACTED] letter to me as being responsible for my "accelerated departure") reports to [REDACTED]. Also, technically, I was an employee of PSEG Power, not PSEG Nuclear. In addition, my claim of further retaliatory action once I wrote [REDACTED] is cause to keep him as a Defendant.

p.p.s. I realize just now that I don't think we ever spoke of the "work" I had planned in early April at Corporate Headquarters. As part of my search for other positions in the PSEG Enterprise, I had offered my services to IT [REDACTED] (who used to be at Nuclear) to do some work with him and his direct reports. I had had one meeting already with [REDACTED] at his office in Newark. Additional meetings with his managers had been scheduled 7-10 days before my departure was "accelerated." Because I was denied access to other company locations as of 3/28, these meetings had to be cancelled. Any chance of gaining a position or consulting work in the IT organization was lost.
