Dave,

I know that you'll be out next week....enjoy your time off and the holiday.

I'd like a few minutes with Hub on Monday, if he is in. I am fine if someone else from the NRC is there when I meet with him. I feel a strong need to put a couple of things in perspective from a "big picture" standpoint.

If this isn't possible for Monday, please set it up as soon as possible, before any decisions have been reached.

Thank you.

Kymn
