

Joe D'Antonio notes/comments on the [redacted] interview (12/23/2003) 7C

The following are my observations/questions on the [redacted] interview (12/23/03)

ASSESSMENT QUESTION	YES/NO	AMPLIFICATION (WHY, WHY NOT, ETC.)
Will raise concerns and has done so before?	YES	Discusses management support for his operability determinations (2)
Raises concerns for others?	N/A	Not explicitly discussed
Believes others raise concerns without hesitation?	YES	Interviewer summarizes some discussion unrecorded due to tape glitch; [redacted] thinks subordinates and peers will raise concerns (1)
Knows of someone who has experienced retaliation for raising concerns?	NO	Interviewer summarizes some discussion unrecorded due to tape glitch; [redacted] thinks subordinates and peers will raise concerns and do not fear retaliation (1) Some reluctance on the part of some people, but a matter of personality, not fear (3)
Technical Issues identified	YES	CFCU operability (4) Startup without all circ water pumps (4a) Leakage from a boron injection tank isolation valve SJ-12 valve (4b)
Production over Safety?	NO	Does he feel that management requires him to defend his positions to a degree that represents a safety challenge? No (5) No concern over operations he has been asked to perform; no unusual recent pressure (5a)
