Joe,

Thanks for the update. A 30-day extension is reasonable for this issue, so we will not expect to hear from you until mid-October. Once we receive the response and review that information, we will provide all documents to our headquarters office for additional review and final approval of the site-specific DCGLs.

thanks,
Betsy

Joe,

I am very busy with other projects at the time. I would ask for an additional 30 days now so we are covered.
