Some additions that might be helpful from my talk with the alleger on 2/19:

The alleger is to be listed for what was termed a "TMI rally in Salem" only as a "PSEG Whistleblower-Invited", and the alleger's name will not be disclosed until 3/28. The alleger is preparing a keynote speech and expects to make a compelling case for resignations of PSEG officials; the NRC to not allow the plants to operate and to encourage workers not to do anything unsafe. Again, the NRC will be given an advance copy.

The alleger discussed the detailed results of the latest Synergy survey and a concern that the company will not be willing to share the results. The alleger noted that R. Anderson rated the entire site higher than anybody which indicated to the alleger a "gulf" and the alleger pointed to his recent "discipline" letter as exhibiting his lack of understanding.
