Advisory Committee on Reactor Safeguards

SUBJECT: QUESTIONS RAISED BY MEMBERS OF THE PUBLIC DURING THE ACRS  
SUBCOMMITTEE MEETING ON PALISADES NUCLEAR PLANT LICENSE RENEWAL  
APPLICATION

During the July 11, 2006 ACRS Subcommittee meeting on Plant License Renewal that was held to review the license renewal application for the Palisades Nuclear Power Plant, members of the public raised several questions. These questions can be found in the transcript of the meeting (ADAMS Accession No. ML062080468). Since most, if not all, of these questions do not deal with license renewal issues, the Committee brings this matter to your attention for disposition.
