containers. The shipment container approximately 32,670 kgU at an average enrichment of approximately 3.51 wt% U-235.

3. Transport Route

The shipment will depart from Savannah, Georgia via the vessel "Cho Yang Giant" going to Kaohsiung, Taiwan and will be transported overland to Keelung, Taiwan. Upon arrival at Keelung, the Taiwan Power Company, or its agent, will take physical custody of the shipment as arranged prior to shipment.

4. Schedule

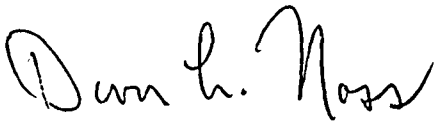

The shipment is scheduled to depart Savannah, Georgia on October 12, 1999 and is expected to arrive at Kaohsiung, Taiwan on November 11, 1999 and be transported to Keelung, Taiwan later in November.

5. Assurance

The shipment will be protected during transport in accordance with IAEA Information Circular 225, "Physical Protection of Nuclear Materials."

If you have any questions, please call me on (509) 375-8380.

Very truly yours,

Dan L. Noss
