Mr. Don L. Klima, Director
Advisory Council on Historic Preservation
Office of Federal Agency Programs
1100 Pennsylvania Ave, NW, Suite 803
Washington, DC 20004

SUBJECT: JAMES A. FITZPATRICK NUCLEAR POWER PLANT LICENSE RENEWAL
APPLICATION REVIEW

Dear Mr. Klima:

The U.S. Nuclear Regulatory Commission (NRC) staff is reviewing an application to renew the operating license for James A. FitzPatrick Nuclear Power Plant (JAFNPP) which is located on Lake Ontario in Oswego County, approximately seven miles northeast of the City of Oswego, New York. JAFNPP is operated by Entergy Nuclear Operations, Inc. (Entergy). The application for renewal was submitted by Entergy in a letter dated July 31, 2006, pursuant to Title 10 of the *Code of Federal Regulations* Part 54 (10 CFR Part 54).

The NRC has established that, as part of the staff's review of any nuclear power plant license renewal action, a site-specific Supplemental Environmental Impact Statement (SEIS) to its "Generic Environmental Impact Statement for License Renewal of Nuclear Plants," NUREG-1437, will be prepared under the provisions of 10 CFR Part 51, the NRC regulation that implements the National Environmental Policy Act of 1969 (NEPA). In accordance with 36 CFR 800.8(c), the SEIS will include analyses of potential impacts to historic and cultural resources.

On October 12, 2006, the NRC will conduct two public NEPA scoping meetings at the Town Municipal Building, 42 Creamery Road, Oswego, New York 13126. You and your staff are invited to attend. Your office will receive a copy of the draft SEIS along with a request for comments. The staff expects to publish the draft SEIS in August 2007.

If you have any questions or require additional information, please contact the Environmental Project Manager, Mr. Samuel Hernandez, at 301-415-4049 or by e-mail at shq@nrc.gov.

Sincerely,

/RA/
