Member, U.S. House of Representatives

Fredericksburg, VA 22407

Dear Congresswoman Davis:

I am responding on behalf of the U.S. Nuclear Regulatory Commission (NRC) to your letter of September 13, 2006. You enclosed a letter dated September 11, 2006, from your constituent, Mr. Aviv Goldsmith, forwarding his comments on the NRC's supplemental draft environmental impact statement (SDEIS) for an early site permit (ESP) at the North Anna ESP site.

On July 14, 2006, the NRC issued for public comment Supplement 1 to NUREG-1811, "Draft Environmental Impact Statement (DEIS) for an Early Site Permit at the North Anna ESP Site." The NRC issued the original DEIS in December 2004. The NRC staff held a public meeting at the Louisa County Middle School on August 15, 2006, to receive public comments on the SDEIS. Over 300 people attended the meeting, including Mr. Goldsmith. The staff discussed the project with Mr. Goldsmith and encouraged him to submit his comments to the NRC in writing. We are glad to see that he has done so. The NRC encourages public participation in the siting process and actively fulfills its obligations under the National Environmental Policy Act (NEPA). Mr. Goldsmith's comments will be considered and addressed by staff in the final environmental impact statement.

I hope that this letter addresses your constituent's concerns. If you have any other questions, please do not hesitate to contact me.

Sincerely,

/RA Martin J. Virgilio Acting For/
