## MEMORANDUM OF UNDERSTANDING

### ACCESS TO LOCATIONS WHERE RADIOACTIVE MATERIALS ARE USED

**FACILITY LOCATION:**

Atlanticare Health Park  
2500 English Creek Avenue  
Building 800, Suite 805  
Egg Harbor Township, NJ 08234

The management of this building is aware that radioactive materials, used in human beings, are being used by Digirad Imaging Solutions, Inc., at the above address. The building management recognizes the use of radioactive materials for human use is licensed by the NRC and/or the state in which the above facility is housed and do not present a danger in any way if regulations, as dictated by these government agencies are followed. In the interest of public safety the building management will not deny access or entry into areas where radioactive materials are being used by individuals authorized to use these radioactive materials. In the event of a dispute between the building management and Digirad Imaging Solutions, Inc., individuals authorized to use medical radioactive materials will be allowed to enter and either secure all radioactive materials from unauthorized removal or be allowed to remove them.
