Re: NRC Document Request

Dear Freedom of Information Officer:

Under the provisions of the Freedom of Information Act, I request the non-proprietary version of the Integrated Safety Analysis for Nuclear Fuel Services Project BLEU. The document number is ML033380535. It is 376 pages long and available in PDF format, which is preferable to a hard copy. Please email it to dheminway@usw.org. USW is the authorized representative of workers at this facility and it is on their behalf that I request this document. Therefore, I request that any associated fees be waived.

Please do not hesitate to contact me if you have any questions regarding this request either by email or at 412-562-2519.

Should my request for this document be denied, please provide the contact information for the party to whom my appeal should be directed. I thank you in advance for your assistance in this matter,

Sincerely,

A handwritten signature in cursive script that reads "Diane L. Heminway".
