Telephone contact with AL Capristo, "Nuclear Management Company,"

On 11/08/01 I called Mr. Capristo to determine what services were provided by Day Zimmerman NPS at the Kewaunee and Point Beach Nuclear Power Plants. In addition I asked Mr. Capristo if Day Zimmerman NPS has personnel working within the protected area of either nuclear power plant.

Mr. Capristo stated that Day Zimmerman NPS provides labor to support the Point Beach and Kewaunee outages. This means that Day Zimmerman NPS provides individual, including welders, who are cleared to enter the protective area. In addition a number of NPS worker have access to the protected areas of Kewaunee and Point Beach.
