Subject: Indian Point Sirens

Good morning,

Noting that, once again, the Indian Point plant was unable to provide operable sirens to the local area, this time for about one hour on September 19, 2006, isn't it about time to consider taking some action as a sort of motivator?

Could I recommend a monetary fine?

Please send this to the Chairman, the Commissioners, and the EDO.

Thank you,

Tom Gurdziel
