To: Dixon Barthel, Acting Administrative Director

This is to follow up to your voice mail message from earlier today. We did receive your letter, as well as a copy of Catherine Large's transcript. We now have nearly all of the information we need.

Please note the following:

- a) The Tennessee radioactive materials license that was submitted does not authorize HDR and Chester Ramsey's letter does not indicate that HDR was part of the training he provided to Catherine Large. However, if you can show that John Li supervised Ms. Large for 1 full-time year, it will not be necessary to obtain any additional information from Chester Ramsey.
- b) Although your letter stated that it included a statement from Mr. John Li of the range of dates for Ms. Large's full-time work experience, we did not receive this statement. The date ranges in the form 313A in your initial amendment request showed the earliest date of Ms. Large's experience at Summit Cancer Services as November 28, 2005. Therefore, additional information is necessary to confirm that John Li supervised one full-time year.

Please review this message, then contact me. I will be in my office for the remainder of today and all day tomorrow.

Thank you,
