Mr. Young,

In regards to your questions concerning any work/safety incidents to date for 2005. Based on discussion with Paul Williams, DZNPS Site MGR during that time frame, and also a search of DZNPS records the only Safety/Work violation would be that of [REDACTED] this occurred on 03/22/05. The action taken was that of the plant to remove access of this employee. There was no disciplinary action taken by DZNPS in this matter. I hope this will assist you in your search. If there are any further questions feel free to contact us at any time.

7C

Sincerely, *Robert Kosky*
