Dear Ms. Bennington:

In a letter dated August 15, 2000, University of Missouri Research Reactor facility (MURR) requested a list of windows for fresh fuel shipments during the calendar year 2001 from BWXT, Inc (Lynchburg, Virginia) to the MURR. From that list, MURR would like to cancel the June 4 – June 11 window and release it for potential use by other licensees. The following is the updated list of shipment windows for the remainder of 2001:

August 6 - 13

October 8 - 15

December 3 - 10

Please let me know if you have any questions. I will be sending this information to Mr. Dennis Burnette of BWXT also.

Sincerely,

Das Kutikkad, PhD
