Sure ... no problem.

Attached is the "out-of-date" list of interviews that I have so I don't have a feel for:

- 1) How many interviews there have been
- 2) How long it takes from interview to transcript receipt
- 3) What a realistic goal for completion of transcript review should be (of which I am often receiving inquiries about)

See you this morning.

Any time after 8:30 and before 3:00 is good for me.

What time should I come down?
