RE: Control Number 139315

Dear Mr. Lodhi:

Please find below the requested verbiage for non-routine maintenance that was inadvertently left out of the Application for Material License for the Mount Storm Power Station.

For Non-routine maintenance operations:

The gauge manufacturer, distributor or other person authorized by NRC or an Agreement State will perform non-routine operations such as installation, initial radiation survey, repair, and maintenance of components related to the radiological safety of the gauge, gauge relocation, replacement, and disposal of sealed sources, alignment, or removal of a gauge from service.

If you have any questions, please contact Kristin Edwards, RSO and Senior ECC at 304-259-4402.

Sincerely,

Joseph L. Davis, Manager F&H, O&M
Acting as Director F&H Station III
Mount Storm Power Station
