Dear Mr. Robinson,

Please provide a copy of the sealed source inventory showing the Cesium sources prior to their disposal. Additionally, the Sealed Source and Device Registries for the two calibration sources list the sources as reflected on the current license. Please take a photo of the sources, devices, and the labels. You may fax your response to 610-337-5169 with a reference to Mail Control Number 139158.
