SUBJECT: ACKNOWLEDGMENT OF RECEIPT - REQUEST FOR APPROVAL OF MODEL
NO. TN-55 SHIPPING PACKAGING (TAC NO. L24011)

Dear Mr. Field:

This letter is to acknowledge receipt of your request dated August 28, 2006. In your letter you requested the U.S. Nuclear Regulatory Commission (NRC) to approve Packaging Technology, Inc.'s (PacTec) Model TN-55 shipping packaging. We have established a schedule for the technical review of your request. The schedule allows the staff to issue a possible request for additional information (RAI) in November 2006. To meet the schedule, it is incumbent upon PacTec to respond promptly and comprehensively to any RAI. If no RAI is needed, and based on the staff's evaluation, a Certificate of Compliance for Model TN-55 may be issued at approximately that time. Also, if during our review process we find that other NRC priorities significantly impact this schedule, I will notify you in writing with a revised schedule.

Should you have any questions regarding this matter, please do not hesitate to contact me at (301) 415-8531.

Sincerely,

/RA/
