Dear Mr. Cordes:

I intend to file suit immediately.

Do you agree to accept service by FAX? If so, please send me your FAX number.

Dear Mr. DcCicco:

Director Miller's letter contains a number of errors; for example:

- > Your stated basis that licensees have been grossly negligent in

- > profile of uranium combustion product exposures, presumes an

On the contrary, the Atomic Energy Act requires the Commission to protect the health and safety of the public and the environment, which requires such knowledge as establishing the correct toxicological profile for regulated substances.

Director Miller also confuses the terms "modest" and "moderate," among other errors, regrettably.

Sincerely,
James Salsman
