Subject: Docket Number 070-03098
Duke Cogema Stone & Webster
Mixed Oxide Fuel Fabrication Facility
Evaluation Pursuant to 10 CFR 70.22(i)(1)(i) –
Emergency Plan Assessment

As indicated in Chapter 14 of the Mixed Oxide Fuel Fabrication Facility (MFFF) license application, DCS hereby submits an evaluation pursuant to 10 CFR 70.22(i)(1). It should be withheld from public disclosure pursuant to 10 CFR 2.390. The evaluation of Enclosure (1) satisfies the threshold values of that regulation. Therefore, DCS does not intend to submit an Emergency Plan for NRC approval.

Upon NRC approval of the enclosed evaluation, DCS will reference that approval in a revision of the MFFF license application.

If you have any questions, please feel free to contact me or Dirk Leach, Vice President and Deputy Project Manager at (803) 502-1895.

Sincerely,

David Stinson, President and COO
