Subject: viability call

Section 3.2 of the SE for DSS-CD states

'A full review of the DSS-CD TRACG application report also indicates that it is acceptable to support the DSS-CD application. Therefore, the TRACG calculations in Section 4 of Reference 5 are acceptable for this evaluation. An SE for the DSS-CD TRACG application will be issued separately.'

Based on my conversations with you, my understanding is that the LTR is approved and can be implement without the SE for TRACG/DSS-CD being issued. I suggest that a phrase be added to the last sentence to clarify this:

'An SE for the DSS-CD TRACG application will be issued separately, but is not required for implement of the DSS-CD LTR.'
