Desc: I am looking for a copy of an NRC materials license # 29-00968-02 for a facility in Millville, NJ. I am an environmental consultant working for the current owner/operator of the facility and I found a historical document indicating that such a license exists. Please provide a copy of this document or it's pertinent information if it is found. I am only looking for a materials license for a specific location. I have a possible license number of 29-00968-02, and if that doesn't yield anything, I'm looking for a license for Alcan in Millville, NJ, probably with 1101 Wheaton Ave as the address.
