Summary:	I spoke with Mr. Kostka about the licensee's request to add Brad Richardson to the license as an authorized nuclear pharmacist. I told Mr. Kostka that I needed either a certificate from a state/U.S. Territory/Puerto Rico indicating that Mr. Richardson was an authorized nuclear pharmacist, the license number of an NRC license naming Mr. Richardson as an authorized nuclear pharmacist, or an attestation statement from a preceptor indicating that he has received 500 or more hours of supervised work experience at a radiopharmacy and is qualified to operate independently as a radiopharmacist. Mr. Kostka stated that he would supply a copy of the certificate from Georgia showing Mr. Richardson was licensed to be a radiopharmacist in Georgia. I thanked him for his attention to the matter.
