**Subject:** Re: Route Approval Request

Gloria,

We sent the request in earlier today without the Sheriff's info. The states all have state wide ER and don't use the locals.....seems they're all going that way, and the last route approvals didn't have them, so I did not include.

As this is a rush, OK to leave as is? You'll see it tomorrow....let me know...I can always send an addendum.

Thanks,  
Blake

Blake - Sorry for the delay. Asked Adelaide what she thought about the matter. We agreed that if the Sheriff's No. was available and useful, we would like to have it. More importantly, a number which is usable outside the state as well as within is best. Hope all is going good with you two. I've been out with kidney stone problems, etc. Not as bad as my daughter though, thank God. Later. Gloria.

Gloria,

Good Morning! I hope this finds you well.

Roy and I completed driving the University of FL (Gainesville) to SRS yesterday, and are starting to contact LLEA along the route.

When we make our submittal to you, will will include the normal statewide ER numbers. When we break down each state by county, do you want both primary (usually State Police) and secondary (usually Sheriff's departments) contacts for each county?....or, will the primary contact suffice? We've seen approved routes done both ways, and want to make sure we give you everything you need on the first try. Many thanks,

Blake
