SUBJECT: CONNECTICUT'S COASTAL MANAGEMENT PROGRAM TO UPDATE THE  
FEDERAL CONSISTENCY LISTS

Dear Mr. Ouellette:

We received your letter, dated September 22, 2006, regarding the State of Connecticut's Proposed Federal Consistency Lists. We appreciate the opportunity to review the changes you propose; they do not appear to impact the NRC's licensing activities. Therefore, we have no substantive comments.

However, we did notice, on page 6 of Proposed Federal Consistency Lists, under the section "Federal License/Permit," that the NRC was listed under the Department of Energy. The NRC was created by the Energy Reorganization Act of 1974 and is an independent Federal agency. The NRC staff suggests that the heading "Department of Energy" be removed from this page, and that "Nuclear Regulatory Commission (NRC)" be listed as a distinct Federal agency.

If you have any questions regarding this comment, please contact Briana Harris, Environmental Scientist for the Division of License Renewal, by phone at 301-415-1042 or by e-mail at [bah4@nrc.gov](mailto:bah4@nrc.gov).

Sincerely,
