Matthew Cushman, RSO Designate	Pangea Group 2604 S. Jefferson Ave. St. Louis, MO 63118-1505	314-333-0636 FAX -0601

SUBJECT

Control No. 315581 – Re - License amendment request, by letter dated July 18, 2006 (with enclosures), to request that License Condition 10 be amended to delete (and authorize its release for unrestricted use) the licensee's facility, authorized for performance of commercial contamination/leak test services, located at 743 Spirit 40 Park Drive, Suite 232, Chesterfield, Missouri and replace it with their facility located at their current mailing address, 2604 S. Jefferson Ave., St. Louis, MO. Also, the referenced letter requested that the RSO be changed from Daniel Hoffman to Matthew Cushman and that Daniel Hoffman, J. Rankins and D. Desai be deleted as Authorized Users (AU) and that Scott Rehmer, Lachelle Telfair and Chris Jarrel be added as Aus.

SUMMARY

In a telephone conversation with Mr. Cushman on this date, I requested that he provide responses, in writing, to address the following issues:

1. Please provide a letter, jointly signed by Mr. Cushman and a member of upper level management, confirming Mr. Cushman's selection as the replacement RSO for Mr. Hoffman.
2. Please provide resumes showing education/training/experience which qualifies each of the three new AU designates to be added to the license.
3. Please confirm your statements, made during our telephone conversation, that your former use facility located at 743 Spirit 40 Park Drive, Suite 232, Chesterfield, Missouri, was only used as a storage facility for your exempt quantity, sealed calibration/reference sources, and instruments, taken out as needed to temporary job sites and that these sources and instruments were transferred to your facility located at your current mailing address. Also, please provide a list of these sources and their activities that were transferred and the date of transfer along with a leak test record for each, that was current as of the time of transfer, which confirms their non-leaking status. Also, if it is the situation, please confirm that no leaking sealed sources were ever possessed at that facility based on routine leak test data.

ACTION REQUIRED

Licensee to provide written response as requested above. Please provide it as additional information to Control No. 315581. Please send it to me by facsimile (630-515-1259), no follow-up hard copy needed. If questions, please call me at 630-829-9829.
