RE: RSO – Notification of Change
Megan, LLC dba Fairfield Testing Laboratory (Bridgeport, CT)
License No. 06-19279-01
Docket #03017254

Dear Mr. Schmidt:

The purpose of this letter is to provide formal notification of a change in staffing and status of our listed Radiation Safety Officer. Shawn Machnicz (#6934) is no longer employed by this company.

At this time, we would like to appoint Gonzalo Lopez (#6933) as our Radiation Safety Officer. Mr. Lopez has been a full time employee of this company for approximately five years and holds a Civil Engineering degree from Saint Thomas University in Columbia. In addition to being certified since 2003, Mr. Lopez has also provided a high level of support to the former Radiation Safety Officer and is most familiar with the responsibilities and duties associated with this position. A copy of his most recent training certificate is enclosed for your review.

Additionally, we are in the process of setting up training and refresher courses for various staff to ensure that all are properly educated in the use and handling of the relevant equipment. We anticipate this taking place as early as next week. We will report any changes and newly certified staff as appropriate.

If there is further notification or documents necessary to further facilitate this transition, please contact our office as soon as possible and we will comply immediately. If you have any further questions, please feel free to contact me at your convenience.

Very truly yours,

James E. Quill, P.E.

JEQ/scb
