Re: Amend License No. 06-30933-02
(Mail Control Number 139328)

Dear Mr. Lawyer,

I am currently the Radiation Safety Officer at Pfizer New Haven Clinical Research Unit. I am writing in response to your email dated October 5, 2006 regarding the proposed designation of Dr. Subhashis Banerjee as the facility's new RSO.

Dr. Banerjee has worked under our license (No. 06-30933-02) here at New Haven, Connecticut since April 2005. During this time Dr. Banerjee has been involved with:

- Shipping, receiving, and performing related radiation surveys;
- Using and performing checks for proper operation of instruments used to determine the activity of dosages, survey meters, and instruments used to measure radionuclides (as applicable to our license conditions);
- Securing and controlling byproduct material;
- Using administrative controls to avoid mistakes in the administration of byproduct material;
- Using procedures to prevent or minimize radioactive contamination and using proper decontamination procedures;
- Using emergency procedures to control byproduct material; and
- Disposing of byproduct material.

I attest that Dr. Banerjee has satisfactorily completed the requirements of 35.50(b)(1) and has achieved a level of radiation safety knowledge sufficient to function independently as the Radiation Safety Officer for this medical use license.

If you have any questions or require any additional information, please do not hesitate to contact me.

Sincerely,
