Dear Mr. Thompson,

Sacred Heart Hospital would like to request that our radioactive material license be amended to reflect the addition of the following Medical Physicist as an Authorized Medical Physicist for Ir-192 in the use of our Nucletron High Dose Rate Remote Afterloader Unit.

Wen-Jong Wang, MS

Mr. Wang is currently a Medical Physicist at Sentara Norfolk General Hospital in Norfolk, VA and has been previously employed by Sacred Heart Hospital. During his employment at Sacred Heart Hospital, Mr. Wang was listed as an Authorized Medical Physicist for Ir-192 in the use of our Nucletron High Dose Rate Remote Afterloader Unit.

Sacred Heart Hospital is committed to providing annual training on radiation safety training and emergency procedures to Mr. Wang by its current Authorized Medical Physicist, Marc S. Miner, before any clinical procedures.

If you have any questions regarding this amendment or require additional information, please contact Ralph Natale, Radiation Safety Officer at (610) 776-4684.

Sincerely,

Dennis Pflieger  
Vice President of Patient Services
