Subject: Agenda for August 10 meeting

Julie,

I will be accompanied by our ecology and water quality experts: Michael Masnik (NRC), Kirk LaGory (ANL), Bill Vinikour (ANL), Terri Patton (ANL), Jason Flemming (NRC), Nathan Goodman (NRC). I know that you and your colleagues at ANR want to get an overview of the license renewal environmental review process. I assume we will also be discussing issues related to the temperature of the water in the Connecticut river and impacts on aquatic biota such the shad. Are there any specific questions or issues ANR wants to talk about in the meeting on August 10?

Rich
