RE: New license application Braxton Hospital, Control Number 139450

Braxton Hospital is currently an authorized site of the Charleston Area Medical Centers (CAMC) NRC license # 47-15473-01. The CAMC administration concurs with the efforts of Braxton Hospital to obtain their own NRC license. Upon issuance of the Braxton license, we request the CAMC license be amended deleting the Braxton location.

It is our understanding that Braxton Hospital accepts all radioactive waste, radioactive materials and any potential contamination associated with the past uses of radioactive material at their facility.

If there are any questions please contact our medical health physicist Dan L Marx, MS, Radiological Physics Service, at 810-730-6004 or 803-459-2187.
