Team Oregon,

Attached is Oregon's response to the draft report. The State had some very positive comments about our review. That says a lot, considering we recommended heightened oversight for the program. Well done.

Please look through the comments in the annotated report which is attached. Let me know if you have any comments. Aaron and I will fix a few minor changes suggested by Oregon and issue a Proposed Final Report. Remember the MRB is scheduled for November 7th 1:00 ET.

Jim,
Here is a copy of the Oregon response to the Draft IMPEP Report. Both Gail Shibley and Susan Allan have reviewed and concurred. When the Final report is issued by NRC following the MRB, Dr. Allan will sign the final response from Oregon. Original letter being sent by mail today. Thank you./tdl

Terry,

Attached, in WordPerfect, is the Draft Oregon IMPEP report. Hard copies will be mailed to Susan Allan, Gail Shibley and you. As we discussed, the team elected to modify the recommended finding for the "Compatibility Requirements" indicator to "Satisfactory, but needs improvement." We would appreciate a response from you in 30 days (or less if you can).

I will get back to you as to the availability of NRC management for the MRB, tentatively scheduled for the week of November 6th.

Please call me if you have any questions. Thanks again for your hospitality during our visit.
