SUBJECT: MAINTENANCE OF REFERENCE MATERIAL FOR SHIELDALLOY
DECOMMISSIONING REVIEW AT THE NEWFIELD PUBLIC LIBRARY

Dear Ms. Mounier:

During a visit on October 4, 2006, and a telephone call on October 20, 2006, I spoke with Alice DiStefano of your staff in regards to maintaining reference material related to the Shieldalloy Metallurgical Corporation (SMC) decommissioning review. In a letter dated October 21, 2006, and supplemented by information provided on June 30, 2006, SMC has submitted a decommissioning plan for the Newfield Facility. On October 18, 2006, the NRC formally accepted the application for technical review. Ms. DiStefano agreed to reserve space for information pertaining to the NRC's review of the decommissioning plan so that residents of Newfield would have easy access to the information. Electronic versions of the documents are available at the NRC's Public Document Room and in the Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the review process. We will place the Newfield Public Library on our distribution list for documents and notices related to the SMC application for the Newfield Facility.

Thank you again for your cooperation. If you have any questions, you can reach me at: (301) 415-1124.

Sincerely,

/RA/
