Re: University of Virginia Materials License Amendment
USNRC License #: 45-00034-26 (Broadscope)
Docket No. 030-03296

Dear Betsy:

Please add to our license authorization for possession of approximately 10 pounds of depleted uranium. This uranium is in the form of shielding inside the HDR unit described in Line 6R of our license.

Thank you for your attention to this item.

Please contact me or Debby Steva at (434) 982-4911 if you have any questions.

Sincerely,

Ralph O. Allen
Radiation Safety Officer

This is to acknowledge the receipt of your letter/application dated

10/6/2006, and to inform you that the initial processing which includes an administrative review has been performed.

Amendment 45-00034-26 There were no administrative omissions. Your application was assigned to a technical reviewer. Please note that the technical review may identify additional omissions or require additional information.

Please provide to this office within 30 days of your receipt of this card

A copy of your action has been forwarded to our License Fee & Accounts Receivable Branch, who will contact you separately if there is a fee issue involved.

Your action has been assigned **Mail Control Number** 139583.
When calling to inquire about this action, please refer to this control number.
You may call us on (610) 337-5398, or 337-5260.
