Janet Schlueter, Director
U. S. Nuclear Regulatory Commission
Division of Materials Safety and State Agreements
Washington, DC 20555

Dear Janet,

Thank you for assuring that my first Commission Briefing was a positive experience. Needless to say, I was quite concerned with the reception the Conference of Radiation Control Program Directors would receive from the Commissioners. Not only was the experience positive but very rewarding. I can only contribute that to the preparation and briefing paper you and your staff provided the Commissioners for our meeting.

I am pleased that you have been appointed as the liaison to the agreement states and look forward to working with you and your staff on future NRC/CRCPD activities. Hope you will be able to make the board meeting in December.

Sincerely,

Debbie B. Gilley
