

October 25, 2006

Vanessa E. Quinn, Chief
Radiological Emergency Preparedness Branch
Chemical and Nuclear Preparedness and Protection Division
Department of Homeland Security
1800 South Bell Street, Room 837
Arlington, VA 22202-3546

SUBJECT: VOGTLE EARLY SITE PERMIT (ESP) APPLICATION – SUPPLEMENTAL
EMERGENCY PLANNING INFORMATION (COMPACT DISC)

Dear Ms. Quinn:

Enclosed is a copy of the October 4, 2006, letter from Southern Nuclear Operating Company (SNC) and the associated compact disc (CD) (ADAMS Nos. ML062790292 and ML062790298), which contains information in support of the Vogtle early site permit (ESP) application.

On August 17, 2006, SNC submitted (in hard copy only) supplemental emergency planning information as part of their docketed ESP application. At that time, SNC also provided a CD version, which did not contain all of the hard copy documents. In response to NRC and DHS requests, SNC revised this supplemental information, and provided it in the enclosed CD.

This supplemental information (i.e., SNC letter and CD) was express mailed to Messrs. M. Takacs and L. Robertson on October 10, 2006. Any questions pertaining to this material may be directed to either Daniel Barss (301-415-2922) or Bruce Musico (301-415-2310).

Sincerely,

/RA/

Anthony C. McMurtray, Branch Chief
Inspection & Communications Branch
Division of Preparedness and Response
Office of Nuclear Security and Incident Response
