Subject: Incorrect License Number on Amendment request
(NOTE: This will be used as the Documents Title in ADAMS)

Summary: I attempted to call Nick Bates of the Corporate Health Physics Group for 3M and determined that he was not in the office. I left a message on his voice-mail.

10:30 I called Mr. Entwhistle who told me that he had spoken to Kathy Modes to inform her that a license amendment had been submitted with the incorrect license number on it. They would submit another copy of the amendment request with the correct license number. Mr. Entwhistle stated that Kathy indicated that she would see to it that the letter was given to the proper people. I stated that I would look into the matter.

I checked over the ADAMS licensing folders and determined that there was a licensing action for Cuno, Inc. and 3M Company. Both of the actions were for the same thing, i.e., change of RSO and changes in the listed authorized users. Since the Cuno license was terminated this action should be voided. Thomas Thompson, who has the 3M action, should be notified of the above.

Action Required: Void MCN 139524. Place in ADAMS.
